

## JRPT-SOL SERIES SOLAR ROUND POST TOP Installation Instructions

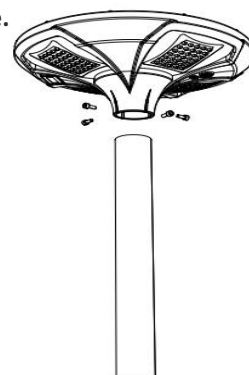

### 0.1 POST TOP INSTALLATION STEPS

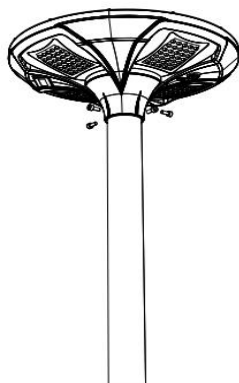

1. Remove the screws from the luminaire.

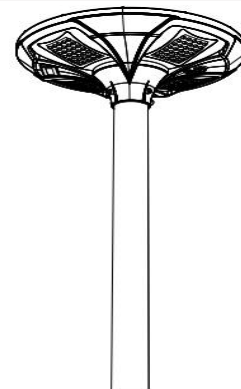

2. Put the luminaire on the lamp pole.

3. Position the screws in the holes.

4. Tightening the screws to secure the luminaire.

### Attention:

Please follow these steps when using the luminaire to prevent any accidents due to glare:

1. Turn on the light after installing the fixture.
2. Adjust the color temperature to your desired setting.
3. Make sure to turn off the color temperature (CCT) button before turning off the light.
